

NAVIGATION GUIDE

- **Compare documents**
 - locate and mark the texts to compare
 - open the first text to compare, click compare texts and select second text to compare
 - texts will then appear side by side on the screen

- **Create your own PDF**
 - when document is open, click on PRINT icon to create a PDF
 - select current page or up to 50 document pages
 - click on print and PDF file will appear to save or print

- **Create your own reading lists, bibliographies and citations linked directly to primary source material**
 - mark documents you require from search results
 - click on Mark list and then click on Infomarks icon to create custom url
 - url can be cut and pasted into document, bookmarked or emailed

- **Search full-text journal content**
 - search content from approximately 80 journal titles
 - enter journal name to search or click on List All to browse all
 - limit results by full text, peer reviewed, specific publication dates, publication format and audience

- **Use Advanced Search to go straight to the exact material you require**
 - search terms can be limited to 28 options including Full Text, Keyword, Author, Character Name and Subject.
 - Results can be limited by documents with full-text, peer-reviewed publications, documents with images, publication date, publication title, materials on these works, publication format and document type
